

# IN HOUSE TEAM

Our dedicated in house events and catering team have an unrivalled track record of delivering successful events, both large and small, corporate and private, to all types of budget. All are dealt with the same highly professional yet friendly approach that all our staff are renowned for.

Catering at the Museum is second to none; local produce, freshly cooked, with menus to suit all type of functions; from canapés to wedding breakfasts and gala dinners, our chefs pride themselves on delivering simply stunning and delicious food.

Audio visual and technical provision is key to any successful meeting or conference; we combine our in-house equipment such as the projectors and screens, with the support of a professional AV company to guarantee your specific requirements are matched with the latest technology.

Equally we take event production and room dressing seriously – from specialist staging to bespoke conference sets, we simply know how to do it.
